

SEASONAL POSITION OPENING

ASA Analysis & Communication, Inc. (ASA) provides environmental consulting services to industry and governmental organizations. ASA specializes in the aquatic sciences with particular emphasis on quantitative evaluations related to water quality and aquatic ecology. ASA provides the full range of services needed to complete environmental studies and assessments including, study design, implementation, data management and analysis, report writing and preparation, as well as hearings and/or litigation support.

POSITION TITLE: Field Technician; Full-time Seasonal
VACANT POSITIONS: 12
LOCATION: Long Island City (Queens), NY or New York City (Lower Manhattan), NY
PAY RANGE: \$18.00 - \$23.00/hour (depending on assignment, experience, and travel)

DESCRIPTION:

Field technicians responsible for collection and processing of biological samples at a power plant in Long Island City, NY or a facility in Lower Manhattan, New York City. The positions require travel to the job site assigned. Duties include but are not limited to collection of biological samples using specialized gear, processing of samples (removing eggs and larvae from sample containers and long-term observation for survival) and data management. These duties will be performed under the direction of a site leader and in compliance with standardized operating procedures, quality control measures, and records management.

Position duration for Long Island City is 19 April through 13 August, 2021 whereas New York City is 03 May through 27 August, 2021. Consideration will be given to current students who may not be available until the semester ends. Please email questions to employment@asaac.com

QUALIFICATIONS:

EDUCATION: 2-year college degree, or college enrollment and interest in biology, environmental science, ecology/field biology, fisheries or related area of study

EXPERIENCE: Will train on the job. (experience working with fish eggs/larvae, microscopes, data recording preferred)

OTHER: Willingness to work a concentrated, variable schedule and nighttime hours. This position requires an individual that is extremely organized and detail oriented. The applicant needs to have reliable transportation. Lodging will be provided if travel exceeds 1 hour to the site. Drug and background testing will be required.

PLEASE SEND E-MAIL SUMMARIZING YOUR BACKGROUND AND INTEREST WITH RESUME ATTACHED TO: employment@asaac.com

POSTING DATE: 15 JANUARY, 2021 CLOSING DATE: OPEN UNTIL FILLED
